Directors' Report

To the Members,

The Directors are pleased to present the Twenty Seventh Annual Report of your Company along with the Audited Statement of Accounts for the financial year ended March 31, 2022.

Financial Performance

During the year ended March 31, 2022, your company earned gross total income of ₹ 11,879.12 lakhs which was higher by 24% as compared to previous year. The Profit after tax was ₹ 2135.48 lakhs registering a growth of 24 % as compared to previous year. The financial results are summarized below:

	(₹ In lacs)	
Particulars	2021-22	2020-21
Total Income	11879.12	9574.42
Total Expenditure	9018.90	7265.57
Profit/ (Loss) Before Tax	2860.22	2308.85
Profit/ (Loss) After Tax	2135.48	1715.38
Total Comprehensive Income	2134.74	1717.85
Net Worth	9173.33	7922.00
Book Value per Equity Share (₹)	150.64	130.09
Earnings per share (₹)	35.07	28.17

Dividend

Your Company has performed well during the last financial year and the considering the good performance the Board had approved and paid an 1st interim dividend of ₹ 6.5/- per equity share (65%) on face value of ₹ 10/- each to its shareholders.

The Board of Directors are pleased to recommend subject to approval of shareholders a final dividend of ₹ 11/- per equity share (110%) making the total dividend of ₹ 17.5/- (175%) on the face value of ₹ 10/- each for the financial year ended March 31, 2022.

Transfer to reserves

The Company does not propose to transfer any amount to the general reserve. An amount of ₹ 2134.74 lakhs is retained in the Profit & Loss Account.

Change in name

In order to improve its corporate branding and visibility in the market as a group, the Board of your Company had proposed a new name of your Company as "StockHolding Services Limited". In this context, an Extra-Ordinary General Meeting (EGM) of the shareholders of your Company was convened and approval was sought from the shareholders.

Subsequent to submission of necessary documents and information, the Ministry of Corporate Affairs and Registrar of Companies, Maharashtra, have approved the change of Name of your Company, from SHCIL SERVICES LIMITED to STOCKHOLDING SERVICES LIMITED with effect from 16th August 2022. The fresh Certificate of Incorporation pursuant to change of name was also issued. Your Company is in the process of updating its new name with the Regulators, Stock Exchanges, Income Tax, GST and other Government Authorities, Clients, Vendors and other Stakeholders.

The Change of Name of your Company is without any change in its Promoters or their Control, or any change in the Board, Shareholders, and the Management.

The new name of your Company will improve its corporate branding and visibility of "StockHolding group" in the market.

Economic and capital market developments

The political stability is fragile globally, including due to the ongoing war between Russia and Ukraine which hammered supply chain over the world, political crisis in Sri Lanka, military and economic crisis in Syria etc.

Indian economy grew 8.7 per cent in the last fiscal FY 2021-22 against a 6.6 per cent contraction in the previous year. The World Bank cut India's economic growth forecast for the current fiscal to 7.5 per cent on concerns such as rising inflation, supply chain disruptions, and geopolitical tensions which taper recovery. The fourth quarter GDP growth was lower than the 5.4 per cent growth seen in October-December quarter, but more than the 2.5 per cent growth rate during January-March 2022.

According to the Economic Survey, the retail investors' interest in the Indian securities market has seen significant uptick, large numbers of demat accounts were added during FY 21-22 driven mainly by the buoyancy in the stock markets. In terms of Exchange Turnover, NSE recorded a jump of 86% during the mentioned time period, while BSE registered a jump of 99%. As another indicator of capital markets growth, a total of 52 Indian corporates raised an all-time high of ₹ 1.11 lakh crore IPOs in the financial year 2021-22. IPOs from new age loss-making technology start-ups, strong retail participation and huge listing gains were the other key highlights of 2021-2022.

The Indian and global capital markets have not been immune to the Inflationary environment with rising interest rates globally during 2022 also due to unwinding of "Quantitative Easing and loose monetary policy" by central banks of developed nations such as by US Fed, greater

money supply chasing lesser supply of goods, supply side constraints aggravated in Food and Fuel commodities due to ongoing war between Russia-Ukraine, widened fiscal deficit post covid-19 arising from fiscal stimulus measures undertaken by governments worldwide, supply chain disruptions continuing on account of Covid pandemic.

Indian stock markets have outperformed other emerging market peers on account of good corporate earnings, increase in vaccination and opening up of business establishment across the country. The NIFTY50 Index gained more than 19 percent in during FY 2021-22 to close above 17,450, down 6 percent from its all-time high of 18,604.45 it touched on October 19, 2021. Tracking broader markets, the Nifty Midcap 150 outperformed Nifty 50 index with gains of approximately 24% in FY 2021-22. The Nifty Small cap 250 index gained more than 36% in FY 2021-22 and outperformed both Nifty and Midcap index by 17% and 12% respectively.

Foreign investors continue to be cautious about the Indian equity market and according to data with depositories, net outflow from Indian equities during the FY 2021-22, by FPIs from were over ₹ 1.40 lakh Crores. Amidst sustained strengthening of the dollar and increasing concerns over a recession in the United States, FPIs continued to pull out from Indian markets and over ₹ 1.14 lakh Crores have been withdrawn upto 15th July 2022 of current financial year. Such environment is challenging for economic growth, personal and Corporate savings investments and capex.

The Inflation stood at over 7.01% in India and at over 9.1% in the United States, Year on Year- June 2022, highest for US since November 1981, is a clear sign of supply chain constraints. This has also caused rally in yields for fixed income instruments including in India and a correction in equities.

Operations review

Your Company is in the business of Stock Broking and is a member of BSE Limited (BSE) Cash, Equity Derivatives, National Stock Exchange (NSE), Cash, Equity Derivatives, Currency Derivatives and Multi Commodities Exchange (MCX) commodities segment. Your company provides demat services as a Depository Participant of Central Depository Services India Limited (CDSL) and National Securities Depository Limited (NSDL). Your company is also registered as Portfolio Management Services (PMS) with Securities and Exchange Board of India (SEBI) and will be starting the PMS services shortly. The Stock Broking services are offered to both retail investors and institutional clients.

Your company is upgrading its Online & Mobile Trading Platform, and has further invested in the overhauling of Back-Office by shifting it to the advance software which has additional features to improve customer experience

and streamline the processes. With the improved trading & operation platforms, your Company is looking to enhance the business through StockHolding and Alternate Channel Partners in the Retail space and Domestic Institutions/ Foreign Portfolio Investors in the Institutional space.

Digital initiatives

Your Company has added further impetus to its digital strategy and is leveraging its digital platform to provide seamless service to the customers and onboarding customers on its digital platforms and is promoting and welcoming investors to use the digital platforms. Your Company is educating AP branches and is conducting webinars on the features of the Digital Platforms to encourage the clients to move to digital platforms. The training is also being imparted to the StockHolding Branches to provide hands on for new back-office software made live on June 30, 2022.

SSL has been continuously focusing on building its digital capabilities to enhance customer experience. Presently around 48% overall transactions are routed through our digital platforms as compared to last year's participation which was around 43%. During the month of December-2021, your Company tied-up with third party firm Alphaniti to offer its digital advisory platform.

Your company is actively taking steps to make successful its discount broking product 'SHAREPA' and has aggressive plan for client acquisition in the current year F.Y. 2022-23. Digital marketing would be the key in client acquisition strategy and your company is availing services of leading digital marketing vendors through which it proposes to reach and connect with prospective clients in a cost effective manner utilizing social media platform viz Google & Facebook Advertisements, Market Gurus Influencers, Tie-ups, Direct marketing to large institutions, Over the Top (OTT) Platform, Outbound Call Center, e-mail and SMSs Marketing, Campaigns through WhatsApp Business Account, Referral Schemes, Alternate Channel Partners.

Impact on Business in view of COVID-19

Your Company continued to place great emphasis on the safety and security of its employees and their families, observing all Covid-19 guidelines and encouraging employees to get themselves vaccinated. SSL in co-ordination with its parent Company organised vaccination drives in Mumbai for employees and their family members as well as for outsourcing staff, which was well attended and well appreciated. Your company is providing necessary support to its employees and clients and ensured smooth functioning of all critical business activity. During pandemic and lockdown situation, recruitment was done on virtual platform, mostly at entry-level and in niche areas. Induction Training programs were conducted virtually to give new recruits an opportunity to integrate with your Company and adapt quickly to the new work environment.

Your Company followed the guidelines and directives of the Government and has encouraged continuation of Work from Home (WFH) amongst its workforce thus ensuring their safety and well-being. Your company has provided need based secured Virtual Private Network (VPN) connectivity to its employees to handle business activities from home i.e. Work from Home.

Your company is taking all possible measures to generate businesses using digital means, cost rationalization and other measures to increase income and profitability. During the last year ended March 31, 2022 the surplus liquidity in global markets, large retail participation and increase in stock market transactions by retail participant, and the digital initiatives helped 24% increase in profit after tax.

Your Company has shown efficient adaptation and effective resilience to minimize the impact of unforeseen business disruption. There was no major disruption in business activities and all the clients were serviced promptly.

Subsidiaries

Your Company does not have any subsidiary.

Details to be reported u/s 134 (3) (ca) of the Companies Act, 2013

No Fraud have been noticed/reported by Auditors during the year.

Directors Responsibility Statement

To the best of their knowledge, ability and belief and according to the information and explanations obtained by them, your Directors make the following statements in terms of Section 134(5) of the Companies Act, 2013 and confirm that:

- (a) in the preparation of the annual accounts for the financial year ended March 31, 2022, the applicable accounting standards have been followed and there are no material departures;
- (b) the directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of your Company as at March 31, 2022 and of the profit of the Company for the year ended on that date;
- (c) proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (d) the annual accounts have been prepared on a going concern basis;

- (e) proper internal financial controls were in place and such financial controls are adequate and operating effectively.
- (f) systems to ensure compliance with the provisions of all applicable laws were in place and were adequate and operating effectively.

Internal Financial Controls

The Company had laid down internal financial controls to be followed by the company. The internal audit in addition to ensuring compliance to policies, regulations, processes etc., also test and report adequacy of internal financial controls with reference to financial reporting/statements. Based on the framework of internal financial controls and systems established and maintained by the Company, the work performed by the internal auditors, statutory auditors and secretarial auditors including internal financial controls and reviews performed by the management and relevant Board Committee, the Board is of the opinion that such internal financial controls are adequate and were operating effectively.

Directors and Key Managerial Personnel (KMP)

Shri Ramesh N.G.S is the Non-Executive Chairman and Shri Sanjay Pote is MD & CEO of your Company. Your Company has six Directors which includes one Woman Director and two Independent Directors. The Independent Directors Shri G. Anantharaman and Shri D. C. Jain have given declaration that they meet the criteria of Independence as laid down under Section 149 of the Companies Act, 2013.

Smt. Sarala Menon, Director will retire at the ensuing AGM and being eligible offer herself for reappointment.

Shri Sanjay Pote, MD & CEO; Shri Rajneesh Singh, Company Secretary and Shri Hemang Ladani, Chief Financial Officer are the Key Managerial Personnel of the Company.

Number of Meetings of the Board

Regular meetings of the Board and its committees are held to discuss and decide on various business policies, strategies, etc. During the year, five Board Meetings were convened and held. The intervening gaps between the meetings were within the period prescribed under the Companies Act, 2013. The details of meetings of the Board and various Committees of the Board are given in the Corporate Governance Report.

Annual Evaluation of Performance of the Board

The Board of Directors is the cornerstone of the corporate governance framework of the Company. An effective Board ensures that the long-term strategic objectives of the Organization are being achieved and are in line with the interests of multiple stake holders.

In line with the above philosophy and pursuant to Section 149 read with Schedule IV of the Companies Act, 2013, the Company has put in place a mechanism to facilitate evaluation of performance of Board as a whole, which includes evaluation of the performance of each of the Directors, including Independent Directors, Chairperson, and Board as a whole.

The responses were sought from Directors through questionnaires on various aspects of the Board's functioning in close alignment with the stated objectives of the Company. On the basis the response received from the Directors, the Board carried out an annual performance evaluation of its own performance, Directors individually as well as the evaluation of the working of the regular committees of Board. The Nomination and Remuneration Committee undertook an evaluation of each Director's performance.

The Independent Directors met separately without the attendance of non-independent directors and members of management, where they discussed and reviewed the performance of non-independent directors, Chairman and Board as a whole. The Nomination & Remuneration Committee undertook an evaluation of each Director's performance.

Nomination and Remuneration Policy

In terms of the requirements under the Companies Act, 2013, the Company has put in place a Policy on remuneration of Directors, Key Managerial Personnel and other employees.

The said Policy is guided by the set of principles and objectives as particularly envisaged under Section 178 of the Companies Act, 2013. The Policy outlines attributes and criteria to be taken into account while appointing a Director, which includes academic and professional qualifications, experience, skill sets, etc. Appointment of Directors are considered and recommended by the Nomination & Remuneration Committee in the first instance, and thereafter approved by the Board and Shareholders, as necessary or required.

The Remuneration of Non-Executive Directors comprises sitting fees for attending the meetings of Board/ Committees of the Board. None of the Directors were entitled to Stock Options.

The MD & CEO is entitled to fixed pay as well as variable pay linked to performance. The payment of remuneration to the Managing Director is subject to approval by Nomination & Remuneration Committee, Board and Shareholders.

The NRC Policy of the Company is placed on the website of your Company at www.shcilservices.com

Independent Auditor's Report

To
The Members of
SHCIL Services Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of SHCIL Services Limited ("the Company"), which comprise the balance sheet as at 31st March 2022, and the statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards ("the IND-AS") of the state of affairs of the Company as at March 31, 2022, and profit/loss, its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of

appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- 1 As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2 As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account
 - (d) Directions under sections 143(5) of Companies Act 2013 applicable for the year 2021-22 and onwards.

- I. The Company has system in place to process all the accounting transactions through IT system. All the transactions are processed through IT system only.
- II. The company does not have any loans, so question of restructuring/ waiver/ write off does not arise.
- III. The company has not received any amounts from specific schemes from Central/ State agencies.

- (e) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (f) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 30 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure A to the Independent Auditor's Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has regular programme of physical verification of its fixed assets, by which all the fixed assets are verified annually. During the current year, the company has carried out physical verification of its fixed assets and no material discrepancies were noticed upon such verification. In our opinion, the physical verification programme is reasonable having regard to the size of the Company and nature of its assets.
- (c) All the assets disclosed in financial statement are held in the name of Company.
- (d) The Company has not revalued any of the assets during the financial year.
- (ii) (a) There is no inventory held by the Company and hence reporting under this clause (ii) of CARO 2020 is not applicable.
- (b) There is no working capital limit or loan taken by company on basis of security of current assets.
- (iii) According to the information and explanations given to us the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.
- (iv) The Company has not granted any loans, made investments or provided guarantees and hence reporting under clause (iv) of the CARO 2020 is not applicable.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year from public as per the directives issued by Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013.
- (vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
 - (a) The Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Income-tax, Sales Tax, Service Tax, Customs Duty, Value Added Tax, cess and other material statutory dues applicable to it to the appropriate authorities. As explained to us, the Company did not have any dues on account of Employees State Insurance and Excise Duty.
- (viii) According to the information and explanations given to us, there is no such unrecorded income based on the assessment under income tax act.
- (ix) The Company has not taken any loans or borrowings from financial institutions, banks and government. The Company has not issued any debentures.
- (x) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause (x) of the CARO 2020 Order is not applicable. Also, during the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (x) of CARO 2020 is not applicable to the Company.
- (xi) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the CARO 2020 Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) The Company has Internal Audit system which is appropriate with the size and nature of Company, we have duly considered the internal auditor's report.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or associate company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- (xvi) The Company is not required to be registered under section 45-I of the Reserve Bank of India Act, 1934.
- (xvii) There is no Cash Losses incurred during the financial year and immediately preceding financial year.

(xviii) Statutory auditor of Company has not resigned during the financial year.

(xix) To the best of our knowledge and according to the information and explanations given to us, no material uncertainty exists. The Company is capable of meeting its liability existing at date of balance sheet date as and when they fall due within one year from Balance sheet date.

(xx) With regard to CSR compliances, the Company does not have any unspent amount.

(xxi) This clause is not applicable to the Company.

Annexure “B” to the Independent Auditor’s Report

Referred to in paragraph (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date) Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”).

We have audited the internal financial controls over financial reporting of SHCIL Services Limited (“the Company”) as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF SHCIL SERVICES LIMITED FOR THE YEAR ENDED 31 MARCH 2022

The preparation of financial statements of SHCIL Services Limited for the year ended 31 March 2022 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139(5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 29 April 2022.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of SHCIL Services Limited for the year ended 31 March 2022 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under section 143(6)(b) of the Act.

For and on behalf of the
Comptroller & Auditor General of India

(**P.V. Hari Krishna**)
Principal Director of Audit (Shipping), Mumbai

Notes to Financial Statements

Note 1

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

Corporate information

SHCIL Services Limited was incorporated on February 14, 1995. It is engaged in the business of broking and advisory services from 14th March, 2006. The Company's registered office is at Mahape, Navi Mumbai.

With effect from 28th March, 2014 Stock Holding Corporation of India Ltd. (SHCIL) - the Holding Company, has become a subsidiary of IFCI Ltd. & hence IFCI Ltd. is the Ultimate Holding Company for SHCIL Services Ltd. from the said date.

1. Significant Accounting Policies

Overall consideration

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below. These were used throughout all periods presented in the financial statements, except where the company has applied certain accounting policies and exemptions upon transition to Ind AS.

1.1. Basis of preparation

The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain assets and liabilities where fair value model has been used, e.g. certain financial assets and liabilities measured at fair value, etc. The Ind AS are prescribed under section 133 of the Companies Act 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

As per the format prescribed under Division III of Schedule III to the Companies Act, 2013 on 11 October 2018, the Company presents the Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the order of liquidity.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Ind AS is applicable to the Company with effect from 1st April, 2016, being a Subsidiary of the Stock Holding Corporation of India Limited falling under the mandatory Phase 1.

1.2. Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and there ported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.3. Foreign currency translation

Functional and presentation currency

The financial statements are presented in INR, which is the functional currency

Foreign currency transactions and balances

- i) Transactions denominated in foreign currency are normally recorded at the exchange rate prevailing at the date of transaction.
- ii) Any income or expenses on account of exchange difference either on settlement or on translation is recognised in the Statement of Profit and Loss.
- iii) Monetary items denominated in foreign currencies at the period are restated at the period rates.
- iv) Non-monetary items denominated in foreign currencies are carried at cost.

Notes to financial statements (Contd.)

1.4. Fair value measurement

Financial instruments, such as, derivatives, equity investments, etc. are measured at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability
- The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure the fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.5. Revenue

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115, Revenue from Contracts with Customers, to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

When (or as) a performance obligation is satisfied, the Company recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Company applies the five-step approach for recognition of revenue:

- Identification of contract(s) with customers;
- Identification of the separate performance obligations in the contract;
- Determination of transaction price;
- Allocation of transaction price to the separate performance obligations; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

Notes to financial statements (Contd.)

i) Brokerage fee income

It is recognized on trade date basis and is exclusive of goods and service tax and securities transaction tax (STT) wherever applicable. Commission income on Initial Public Offer (IPO) and Follow on Public Offer (FPO) which are being booked on receipt basis

ii) Account opening charges

It is recognising entire account opening charges upfront on intimation of trading account number to the Customer. This is shown as a part of Revenue from operations.

iii) Dividend Income

Dividend is recognized when the Company's right to receive dividend is established by the reporting date.

iv) Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "Revenue from operations" in the statement of profit and loss.

v) Cheques dishonoured/bounced Income

Charges collected on cheques dishonoured/bounced are recognized on actual basis.

1.6. Operating expenses

Operating expenses are recognised in profit or loss upon utilisation of the service or as incurred.

1.7. Property, plant and equipment

Items of property, plant and equipment (PP&E) are stated at cost of acquisition less accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditure related to an item of PP&E are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Depreciation on PP&E is charged under the straight line method over the useful life of the assets as specified in Schedule II to the Companies Act, 2013 except for the below tabulated class of assets wherein a lesser useful life has been estimated due to rapid advancement in technology:

Particulars	Useful life as per Schedule II (in year)	Useful life as per estimated by the management (in year)
1. Motor Car	8	3
2. Mobiles	5	2
3. Servers & Networks	6	4

Useful life & residual value for other items of PP&E:

Particulars	Useful life w.e.f. 01.04.2014	Useful life up to 31.03.2014
	Residual Value - Nil	Residual Value 5 %
1. Plant & Machinery	15	20
2. Furniture & Fixtures	10	15
3. Electrical Installations and Equipment	10	20
4. Office Equipment	5	20
5. Computer Hardware: End user devices such as Desktops, Laptops etc.	3	3

The carrying amount of any component accounted for as a separate asset is derecognized when replaced. An item of PP&E and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Notes to financial statements (Contd.)

Useful life of leased hold premises is considered at 8 years.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

1.8. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost.

Computer software which forms an integral part of the related hardware is capitalised along with the hardware as fixed asset. Software which are not an integral part of computer hardware and from which future economic benefits are expected are treated as intangible assets.

Software developed internally is recognized as an asset at cost when significant economic benefits are expected to accrue in future. Cost comprises all expenditure that can be directly attributed for creation, production and making the software ready for its intended use and excludes any tax for which input credit is taken.

All finite-lived intangible assets, including capitalised internally developed software, are accounted for using the cost model whereby capitalised costs are amortised on a straight-line basis over their estimated useful lives. Residual values and useful lives are reviewed at each reporting date. In addition, they are subject to impairment testing. The following useful lives are applied:

Particulars	Useful life w.e.f. 01.04.2014	Useful life up to 31.03.2014
	Residual Value - Nil	Residual Value 5 %
1. Computer Software	3	3

Amortisation has been included within 'depreciation and amortisation expense. Subsequent expenditures on the maintenance of intangible assets are expensed as incurred. The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. When an intangible asset is disposed off, the gain or loss on disposal is determined as the difference between the proceeds and the carrying amount of the asset, and is recognised in profit or loss within other income or other expenses.

1.9. Leased Assets

Ind AS 116 requires lessees to recognize most leases in the books to accounts. Lessees are required to initially recognize a lease liability for the obligation to make lease payments and a right-of-use asset for the right to use the underlying asset for the lease term. The lease liability is measured at the present value of the lease payments to be made over the lease term. The right-of-use asset is initially measured at the amount of the lease liability, adjusted for lease prepayments, lease incentives received, the lessee's initial direct costs (e.g., commissions) and an estimate of restoration, removal and dismantling costs. Lessees accrete the lease liability to reflect interest and reduce the liability to reflect lease payments made. The related right of-use asset is depreciated in accordance with the depreciation requirements of Ind AS 16 Property, Plant and Equipment. For lessees that depreciate the right-of-use asset on a straight-line basis, the aggregate of interest expense on the lease liability and depreciation of the right-of-use asset generally results in higher total periodic expense in the earlier periods of a lease. Lessees re-measure the lease liability upon the occurrence of certain events (e.g., change in the lease term, change in variable rents based on an index or rate), which is generally recognized as an adjustment to the right-of-use asset.

Finance leases

Management applies judgment in considering the substance of a lease agreement and whether it transfers substantially all the risks and rewards incidental to ownership of the leased asset. Key factors considered include the length of the lease term in relation to the economic life of the asset, the present value of the minimum lease payments in relation to the asset's fair value, and whether the Company obtains ownership of the asset at the end of the lease term.

Notes to financial statements (Contd.)

For leases of land and buildings, the minimum lease payments are first allocated to each component based on the relative fair values of the respective lease interests. Each component is then evaluated separately for possible treatment as a finance lease, taking into consideration the fact that land normally has an indefinite economic life.

The interest element of lease payments is charged to profit or loss, as finance costs over the period of the lease.

Operating leases

All other leases are treated as operating leases. Where the Company is a lessee, payments on operating lease agreements are recognised as an expense on a straight-line basis over the lease term unless another systematic basis is more representative of the time pattern of the user's benefit. Associated costs, such as maintenance and insurance, are expensed as incurred.

1.10. Impairment testing of goodwill, other intangible assets and property, plant and Equipment

The Company reviews the carrying values of tangible and intangible assets for any possible impairment at each balance sheet date. An impairment loss is recognized in the Statement of Profit and Loss when the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net of selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value based on appropriate discount rate. If at the balance sheet date there is any indication that a previously assessed impaired loss no longer exists then such loss is reversed and the asset is restated to that extent

For impairment assessment purposes, assets are grouped at the lowest levels for which there are largely independent cash inflows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level. Goodwill is allocated to those cash-generating units that are expected to benefit from synergies of a related business combination and represent the lowest level within the Company at which management monitors goodwill.

Cash-generating units to which goodwill has been allocated (determined by the Company's management as equivalent to its operating segments) are tested for impairment at least annually. All other individual assets or cash-generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset's (or cash-generating units) carrying amount exceeds its recoverable amount, which is the higher of fair value less costs of disposal and value-in-use. To determine the value-in-use, management estimates expected future cash flows from each cash-generating unit and determines a suitable discount rate in order to calculate the present value of those cash flows. The data used for impairment testing procedures are directly linked to the Company's latest approved budget, adjusted as necessary to exclude the effects of future reorganisations and asset enhancements. Discount factors are determined individually for each cash-generating unit and reflect current market assessments of the time value of money and asset-specific risk factors.

Impairment losses for cash-generating units reduce first the carrying amount of any goodwill allocated to that cash-generating unit. Any remaining impairment loss is charged pro rata to the other assets in the cash-generating unit. With the exception of goodwill, all assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

1.11. Financial Instruments:

a. Initial recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction

Notes to financial statements (Contd.)

costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

b. Subsequent measurement

i. Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

iii. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv. Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments

c. Derecognition

Financial assets :

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

Financial liabilities :

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

d. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

e. Impairment

The Company recognises loss allowances for expected credit losses on:

- financial assets measured at amortised cost; and
- financial assets measured at FVTPL- investments.

Notes to financial statements (Contd.)

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVTPL are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The Company considers that the credit risk on a financial asset has increased significantly if it is more than 90 days past due.

1.12. Income taxes

Tax expense for the Period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Provision for current income tax is made on the basis of the assessable income under the Income tax Act, 1961.

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred income taxes are calculated using the liability method.

Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

1.13. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

1.14. Equity, Reserves and Dividend payments

Share capital represents the nominal (par) value of shares that have been issued. Share premium includes any premiums received on issue of share capital. Any transaction costs associated with the issuing of shares are deducted from share premium, net of any related income tax benefits. Other components of equity include the following:

- remeasurement of net defined benefit liability – comprises the actuarial losses from changes
- in demographic and financial assumptions and the return on plan assets

Retained earnings include all current and prior period retained profits.

All transactions with owners of the parent are recorded separately within equity.

Dividend distributions payable to equity shareholders are included in other liabilities when the dividends have been approved in a general meeting prior to the reporting date.

1.15. Post-employment benefits and short-term employee benefits

Post-employment benefit plans

The Company provides post-employment benefits through various defined contribution and defined benefit plans.

Defined contribution plans

Employee Benefits in the form of Provident Fund and Superannuation Fund are considered as defined contribution plans and the contributions are charged to the Statement of Profit and Loss of the Period when the respective contributions are due.

Notes to financial statements (Contd.)

Defined benefit plans

Retirement Benefit in the form of gratuity is considered as defined benefit obligation and is provided for on the basis of an actuarial valuation using the projected unit credit method, as at the date of the balance sheet. Actuarial gain or losses if any are immediately recognised in the statement of Profit & Loss.

Management estimates the DBO annually with the assistance of independent actuaries. This is based on standard rates of inflation, salary growth rate and mortality. Discount factors are determined close to each year-end by reference to government or high quality corporate bonds that are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating the terms of the related pension liability.

Service cost on the Company's defined benefit plan is included in employee benefits expense. Employee contributions, all of which are independent of the number of years of service, are treated as a reduction of service cost. Net interest expense on the net defined benefit liability is included in finance costs. Gains and losses resulting from remeasurements of the net defined benefit liability are included in other comprehensive income.

Short-term employee benefits

Short-term employee benefits, including holiday entitlement, are current liabilities included in pension and other employee obligations, measured at the undiscounted amount that the Company expects to pay as a result of the unused entitlement.

1.16.Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and as realisable estimate can be made of the amount of the obligation. When the Company expects some or all of the provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to passage of time is recognised as a finance cost.

1.17.Contingent liabilities

Contingent Liabilities are not recognised but are disclosed in notes in respect of possible obligations that arise from past events but their existence is confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

1.18.Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss before other comprehensive income for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss before other comprehensive income for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

1.19.Financial risk management

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations.

Notes to financial statements (Contd.)

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior managements supported by Risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. The policies for managing each of these risks are summarised below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price. Financial instruments affected by market risk include loans and borrowings and deposits. The company is not exposed to currency risk and other price risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations and company's investment in debt based financial assets viz. Fixed Deposits & Investments in Liquid Mutual Funds.

Credit risk

Credit risk is the risk that counterparty fails to discharge an obligation to the Company. The Company is exposed to this risk for various financial instruments, for example trade & other receivables, placing fixed deposits, investment in mutual funds, etc.

The company continuously monitors defaults of customers and other counterparties, identified by the company, and incorporates this information into its credit risk controls. The company's policy is to deal only with creditworthy customers wherein the credit given is backed by either cash margin in client's account or guarantee by the Sub brokers.

Liquidity risk

Liquidity risk is that the company might be unable to meet its obligations. The company manages its liquidity needs by monitoring scheduled debt servicing payments for long-term financial liabilities as well as forecast cash inflows and outflows due in day-to-day business.

The company's objective is to maintain cash and marketable securities to meet its liquidity requirements. The company considers expected cash flows from financial assets in assessing and managing liquidity risk, in particular its cash resources and trade receivables. The company's existing cash resources and trade receivables significantly exceed the current cash outflow requirements. Cash flows from trade and other receivables are all contractually due within six months.

1.20. Segment reporting

The Company's business is to provide broking services, to its clients, in the capital markets in India.

All other activities of the Company are ancillary to the main business. As such, there are no reportable segments that need to be reported separately as defined in Ind AS 108, Operating Segments.

1.21. Significant accounting judgements, estimates and assumptions

When preparing the financial statements, management makes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Notes to financial statements (Contd.)

Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carry-forwards can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic limits or uncertainties in various tax jurisdictions.

Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technological obsolescence that may change the utility of certain software and IT equipment.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill and other intangibles with indefinite useful lives recognised by the Company.

Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurement

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Determining whether an arrangement contains a lease

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

Notes to financial statements (Contd.)

Note 29 : Tax expense

A new Section 115BAA was inserted in the Income Tax Act, 1961, by the Government of India which provides an option to companies for paying income tax at reduced rates in accordance with the provision/conditions defined in the said section. The Company elected to exercise the option permitted under section 115BAA of the Income Tax Act, 1961 in the previous year. Accordingly, the Company has applied applicable tax rate to calculate the Provision for Income Tax and Deferred Tax for the year ended March 31, 2022.

(a) Tax expense in the statement of profit and loss comprises:

Particulars	(Amount in ₹)	
	For the year ended March 31, 2022	For the year ended March 31, 2021
(i) Current Tax		
- Current year's tax	72,718,800	53,539,446
- Earlier year	-	-
	72,718,800	53,539,446
(ii) Deferred Tax		
Origination and reversal of temporary differences		
- Charged/(Credited) to profit & loss statement	(243,702)	5,806,801
- Charged/(Credited) to other comprehensive income	(24,834)	82,883
	(268,536)	5,889,684
Total	72,450,264	59,429,130

(b) A reconciliation of Income tax provision to the amount computed by applying the statutory income tax rate to the income before taxes is summarized below:

Particulars	(Amount in ₹)	
	For the year ended March 31, 2022	For the year ended March 31, 2021
Profit before taxes	286,022,847	230,884,746
Enacted tax rates in India	25.168%	25.168%
Computed expected tax expense	71,986,230	58,109,073
Adjustments :		
-Effect of exempt non-operating income	-	-
-Provision for doubtful debts/advances	10,228	(5,799,252)
-Employee benefits (net)	(252,134)	280,401
-Depreciation	1,712,853	1,340,453
-Other non-deductible expenses	1,295,088	1,056,749
-Other deductible expenses	(2,033,465)	(1,447,978)
Income tax expenses	72,718,800	53,539,446

(c) The Company does not have unused tax losses.

Note 30 : Contingent liabilities and Commitments

(a) Contingent liabilities

i) Under Income Tax Act, 1961

Nature of due	Period	Amount (₹)	Forum
Penalty Demand	AY 2012-13	806,597	CIT(A)

- ii) The Company has received summons dated 6th March 2018 from Court of Additional Chief Metropolitan Magistrate, 4th court, Girgaon, Mumbai) for violation of provisions of section 81, 193 and 285 of Companies Act 1956 which took place prior to financial year 2008-09. SHCIL Services Limited had earlier filed the compounding applications with Regional Director, Mumbai. However on follow up it was understood that the compounding applications are not traceable. Now on the advice of legal consultants we have filed a fresh compounding

Notes to financial statements (Contd.)

Note 30 : Contingent liabilities and Commitments (Contd.)

application dated September 11, 2018 with ROC. The Compounding fee is the prerogative of Court, however based on past compounding orders, penal provision and as discussed with Advocates, the liability on account of Compounding application will not be a material amount and the same is un ascertainable at the present.

(b) Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for the year ended March 31, 2022 - ₹ 2,73,76,350/- (Previous period ended March 31, 2021 - ₹ 4,70,25,361/-)

Note 31 : Earnings per equity share (EPS)

Basic earnings per share

Basic earnings per share is calculated by dividing the profit for the year by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share

Diluted EPS is calculated by dividing the profit for the year by the weighted average number of ordinary shares outstanding during the year for the purpose of basic EPS plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

Particulars	(Amount in ₹)	
	For the year ended March 31, 2022	For the year ended March 31, 2021
Profit for the year - for basic EPS (₹)	213,547,749	171,538,499
Weighted average no. of shares - basic EPS	6,089,703	6,089,703
Basic EPS (₹)	35.07	28.17
Profit for the year - for diluted EPS (₹)	213,547,749	171,538,499
Weighted average no. of shares - diluted EPS	6,089,703	6,089,703
Diluted EPS (₹)	35.07	28.17
Face value per share (₹)	10	10

Note 32 : Code on Social Security, 2020

The Indian Parliament has approved the Code on Social Security, 2020 (the Code) which subsumes the employment and post employment benefits Presidential assent in September 2020. The code has been published in the Gazette of India. However, the date on which the Code will come into effect is not mentioned. The Company will evaluate the rules, assess the impact if any, and account for the same once the code become effective.

Note 33 : Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases (underlying asset of less than ₹ 1,50,000). For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any prepaid lease plus any initial direct costs. They are subsequently measured at cost less accumulated depreciation.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term.

Notes to financial statements (Contd.)

Note 33 : Leases (Contd.)

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rate of the company. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment on whether it will exercise an extension or a termination option.

The Company has entered into Operating Lease Agreement with SHCIL for Office Premises in :

- UTI Building, Fort, Mumbai, whereby SHCIL had granted to the Company, the liberty to use and occupy the Demised Premises as a office space for a period of three years w. e. f. from March 1, 2017 purely as a License-cum-Allottee of office space, without having any right, title or interest upon the demised premises. (Exemption under Ind As 116 because lease period is less than 12 months after the applicability of Ind As 116.)
- 4th Cross Street, Puducherry, whereby SHCIL had granted to the Company, the liberty to use and occupy the Demised Premises as a office space for a period of 36 months w. e. f. from October 01, 2021 purely as a License-cum-Allottee of office space, without having any right, title or interest upon the demised premises.
- Server Rack space had granted to the company, the liability to use and occupy the demised premises as keeping of server for the period of five years w. e. f. from July 2020 as license -cum- Allottee of office Server space without having any right, title, or interest upon the demised premises. The Company has re-entered into agreement with SHCIL for said arrangement for the period of five years after the end the said arrangement.
- Mahape, Navi Mumbai, whereby SHCIL has granted to the Company, the liberty to use and occupy the Demised Premises as a office space for a period of three years w. e. f. from April 1, 2019 purely as a License-cum-Allottee of office space, without having any right, title or interest upon the demised premises.

Net Receivable/ Payable	8,687,257	7,702,117

Note 39 : Revenue from contracts with customers

The Company derives revenue primarily from the broking business. Its other major revenue sources are the distribution income and interest income.

Disaggregate revenue information

- The table below presents disaggregate revenues from contracts with customers for the year ended March 31, 2022 by type of revenue segregated into its operating segments. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of revenue and cash flows are affected by market and other economic factors.

Nature of Services

- Broking Income** : Income from services rendered as a broker is recognised upon rendering of the services, in accordance with the terms of contract.
- Distribution Income** : Commissions from distribution of financial products are recognised upon allotment of the securities to the applicant. Fees for subscription based services are received periodically but are recognised as earned on a pro-rata basis over the term of the contract
- Interest Income** : Interest is earned on delayed payments from clients and amounts funded to them. Interest income is recognised on a time proportion basis taking into account the amount outstanding from customers or on the financial instrument and the rate applicable.

- Disaggregate revenue information:

Particulars	(Amount in ₹)	
	For the year ended March 31, 2022	For the year ended March 31, 2021
Broking income	1,094,764,753	866,106,504
Distribution income	2,201,607	2,756,710
Funding and late payments	18,790,770	4,364,353
Other operational income	6,373,192	7,498,365
Total	1,122,130,322	880,725,932
Geographical markets		
India	1,122,130,322	880,725,932
Outside India	-	-
Timing of revenue recognition		
Service transferred at point in time	1,121,945,610	880,448,097
Service transferred over time	184,712	277,835

Notes to financial statements (Contd.)

Note 39 : Revenue from contracts with customers (Contd.)

3. Contract Liability relates to payments received in advance of performance under the contract. Contract Liabilities are recognised as revenue on completing the performance obligation.

Movements in the contract liabilities

(Amount in ₹)

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
<u>Prepaid brokerage</u>		
Opening balance	7,692,556	14,606,326
Add : Addition during the year	10,125,841	12,147,649
Less : Revenue recognised during the year	(6,526,279)	(7,631,665)
Less : Refund to customer during the year	(5,281,599)	(11,429,754)
Closing balance	6,010,520	7,692,556

Amounts includes taxes.

4. Nature, timing of satisfaction of the performance obligation and significant payment terms.
- Income from services rendered as a broker is recognised upon rendering of the services.
 - Commissions from distribution of financial products are recognised upon allotment of the securities to the applicant or as the case may be, on issue of the insurance policy to the applicant.
 - Interest is earned on delayed payments from clients and amounts funded to them as well as term deposits with banks. Interest income is recognised on a time proportion basis taking into account the amount outstanding from customers or on the financial instrument and the rate applicable.

The above services are point in time in nature, and no performance obligation remains once the transaction is executed.
 - Fees for subscription based services are received periodically but are recognised as earned on a pro-rata basis over the term of the contract, and are over the period in nature.

5. Contract balances

(Amount in ₹)

Particulars	As at March 31, 2022	As at March 31, 2021
<u>Assets</u>		
Trade receivables (excluding impairment)	1,916,795,951	1,305,413,795
<u>Liabilities</u>		
Trade payables	3,711,197,784	2,862,553,724
Prepaid brokerage	6,010,520	7,692,556

Note 40 : Events after reporting date

There have been no events after the reporting date that require disclosure in these financial statements.

Note 41 :

The Company has framed a policy for written back certain payables for which no claim was received and also written off old balances as defined in the policy.

The following are details of the written back and written off;

(Amount in ₹)

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Written back	999	28,303
Written off	-	500

Notes to financial statements (Contd.)

Note 42 :

There were certain unreconciled items amounting to ₹ 3.50 Cr. grouped under trade receivable as on March 31, 2019. On further investigation it has been revealed that one of the employee of the company had fraudulently made payments to the non clients amounting to ₹ 2.94Cr. (net after recovery) from the Client Bank accounts. The company has filed a First Information Report to the Rabale police station, and The company has filed an insurance claim to national insurance company limited.

As at March 31, 2020, the Company can determine the amount of embezzlement of fund to prior accounting periods however it cannot determine the amount of period specific loss as required under INDAS 8, as amounts recoverable from the employee and that from the Insurance claim is not fully determinable as at March 31, 2020. Therefore it falls under the exception to INDAS 8 which states that if the quantum of loss cannot be ascertained clearly during the current period the accounting effects can be taken prospectively. The company on a conservative assessment, has provided an impairment of ₹ 2.94 cr for the entire recoverable in the profit and loss statement of the previous financial year. Also the company had appointed an outside agency to prepare the bank reconciliation of the said bank account from FY 2014-15 to FY 2018-19. Rectification entries have been passed on receipt of Revised Bank reconciliation statement in the previous financial year.

During the previous financial year, the insurance company has granted ₹ 2.75 cr against a claim of ₹ 2.94 cr. Out of the awarded claim, ₹ 2.21 cr. has been received from the insurance company and the balance of ₹ 53.79 lakhs will be received upon the monetisation of assets owned by the said employee or from the insurance company in case of any shortfall. Accordingly, the reversal of an impairment of ₹ 2.75 cr accounted in the previous financial year.

Note 43 :

The company had appointed a forensic auditor to conduct detailed analysis of the embezzlement of fund. The final report has been submitted by Forensic Auditor. Based on report management believes that there is unlikely of any further material financial impact of the same on the financial statements.

Note 44 : Segment Reporting

The Company operates only in one segment i.e. stock broking and all other activities are ancillary to the main business. Hence there are no reportable segments as defined in Indian Accounting Standard (IND AS - 108) on "Segment Reporting".

The Company operates one geographic segment namely 'within India', hence no separate information for geographic segment wise disclosure is required.

No single customer accounts for the revenue, which is equal or more than ten percent of the total revenue of the entity, hence no such segment could be identified.

Note 45 : Maturity analysis of assets and liabilities

(c) Other financial liabilities	At amortised	111,571,594	152767048
Total		3,822,769,378	3,015,320,772

Notes to financial statements (Contd.)

Note 46 : Financial instruments (Contd.)

B. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the Indian Accounting standard. An explanation of each level follows underneath the table.

Level 1: This level hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

The following table summarises financial instruments measured at fair value

(Amount in ₹)				
Particulars	Level 1	Level 2	Level 3	Total
As at March 31, 2022				
<u>Financial assets</u>				
Financial investments at FVTPL				
- Mutual funds	528	-	-	528
As at March 31, 2021				
<u>Financial assets</u>				
Financial investments at FVTPL				
- Mutual funds	55,580,919	-	-	55,580,919

Net assets value (NAV) of the scheme is technique used to determine fair value of mutual funds.

C. Transfers between Levels 1, 2 and 3

There were no transfers between level 1, 2 and 3.

D. Financial instruments not measured at fair value

Financial assets not measured at fair value includes cash and cash equivalents, term & other deposits, trade receivables, and other financial assets. These are financial assets whose carrying amounts approximate fair value, due to their short-term nature.

Additionally, financial liabilities such as trade payables and other financial liabilities are not measured at FVTPL, whose carrying amounts approximate fair value, because of their short-term nature.

Note 47 : Financial risk management

Company has operations in India. Whilst risk is inherent in the Company's activities, it is managed through an integrated risk management framework, including on-going identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities.

The Company has exposure to the following risk arising from financial instruments:

- (a) Credit risk
- (b) Liquidity risk
- (c) Market risk

Notes to financial statements (Contd.)

Note 47 : Financial instruments (Contd.)

The Company has established various policies with respect to such risks which set forth limits, mitigation strategies and internal controls to be implemented by the three lines of defence approach provided below. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The risk management system features a "three lines of defence" approach:

1. The first line of defence comprises its operational departments, which assume primary responsibility for their own risks and operate within the limits stipulated in various policies approved by the Board or by committees constituted by the Board.
2. The second line of defence comprises specialised departments such as Risk Management Committee, Investment Committee, Internal Executive Audit Committee, and compliance. They employ specialised methods to identify and assess risks faced by the operational departments and provide them with specialised risk management tools and methods, facilitate and monitor the implementation of effective risk management practices, develop monitoring tools for risk management, internal control and compliance, report risk related information and promote the adoption of appropriate risk prevention measures.
3. The third line of defence comprises the internal audit department and external audit functions. They monitor and conduct periodic evaluations of the risk management, internal control and compliance activities to ensure the adequacy of risk controls and appropriate risk governance, and provide the Board with comprehensive feedback.

(A) Credit Risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligation. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, and by monitoring exposures in relations to such limits.

The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented in the financial statements. The Company's major classes of financial assets are cash and cash equivalents, loans, investment in mutual fund units, term deposits, trade receivables, security deposits and margin placed with the clearing member/corporation.

Deposits with banks are considered to have negligible risk or nil risk, as they are maintained with high rated banks/financial institutions as approved by the Board of directors. Security deposits are kept with stock exchanges for meeting minimum base capital requirements. These deposits do not have any credit risk. Investments include investment in liquid mutual fund units that are marketable securities of eligible financial institutions for a specified time period with high credit rating given by domestic credit rating agencies.

Following provides exposure to credit risk for trade receivables and other receivables

Particulars	(Amount in ₹)	
	As at March 31, 2022	As at March 31, 2021
Trade receivables (net of impairment)	1,909,266,060	1,297,924,541
Other financial assets (net of impairment)	565,515,833	790,156,661
Total	2,474,781,893	2,088,081,202

Notes to financial statements (Contd.)

Note 47 : Financial risk management (Contd.)

(i) Trade receivables

The Company applies the Ind AS 109 simplified approach to measure expected credit losses which uses a lifetime expected credit loss allowance (ECL) for all trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date.

In term of agreement with SHCIL, trade receivable is Guarantee by SHCIL. To manage credit risk, the Company periodically assesses the financial reliability of customers and other counterparties, taking into account the financial condition, current economic trends, analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly. The Company doesn't have significant credit risk exposure to any single counter party or a group of counter parties as it has robust risk management, provision and write off policy for debtors. Trade receivables are monitored on periodic basis for any non-recoverability of the dues.

The trade receivables at reporting date analysed by the length of time past due, are:

Particulars	(Amount in ₹)	
	As at March 31, 2022	As at March 31, 2021
1 - 30 days	1,869,688,928	1,279,789,235
31 - 60 days	14,968,038	7,819,300
61-90 days	2,687,293	3,061,465
more than 90 days	29,451,692	14,743,795
Total	1,916,795,951	1,305,413,795

Movements in the impairment loss allowance is as follow;

Particulars	(Amount in ₹)	
	As at March 31, 2022	As at March 31, 2021
Opening balance	7,489,254	3,042,916
Addition during the year	40,637	4,446,338
Reversal during the year	-	-
Total	7,529,891	7,489,254

(ii) Other financial assets

The Company has recorded the embezzlement of fund as mentioned in note no. 41 under the other financial assets with significant increase in risk. The Company has provided impairment loss on entire amount.

Movements in the impairment loss allowance is as follow;

Particulars	(Amount in ₹)	
	As at March 31, 2022	As at March 31, 2021
Opening balance	1,904,657	29,393,657
Addition during the year	-	-
Reversal during the year	-	(27,489,000)
Total	1,904,657	1,904,657

Notes to financial statements (Contd.)

Note 47 : Financial risk management (Contd.)

(B) Liquidity risk

Liquidity represents the ability of the Company to generate sufficient cash flow to meet its financial obligations on time, both in normal and in stressed conditions, without having to liquidate assets or raise funds at unfavorable terms thus compromising its earnings and capital. Liquidity risk is the risk that the Company may not be able to generate sufficient cash flow at reasonable cost to meet expected and / or unexpected claims.

The Company has a view of maintaining liquidity with minimal risks while making investments. The Company invests its surplus funds in short term liquid assets in bank deposits and liquid mutual funds. The Company monitors its cash and bank balances periodically in view of its short term obligations associated with its financial liabilities.

The following are the remaining contractual maturities of financial asset & liabilities;

(i) As at March 31, 2022

(Amount in ₹)

Notes to financial statements (Contd.)

Note 47 : Financial risk management (Contd.)

(C) Market risk

Market risk is the risk that the fair value or future Cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

(i) Foreign currency risk

The Company does not have any foreign currency exposure as at each reporting date. Accordingly, foreign currency risk disclosure is not applicable.

(ii) Interest rate risk

The Company is exposed to Interest risk if the fair value or future cash flows of its financial instruments will fluctuate as a result of changes in market interest rates. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates.

The Company's interest rate risk arises from interest bearing deposits with bank and margin trading funding to customers. Such instruments exposes the Company to fair value interest rate risk. Management believe that the interest rate risk attached to this financial assets are not significant due to the nature of this financial assets. Further, the Company has borrowing limit aside with the bank, and interest rate are linked to deposits with them. Therefore there is no impact of movement in interest rate on that. All investments within the portfolio are approved by the appropriate authority.

The following table shows sensitivity analysis for impact of change in interest rate

(Amount in ₹)

Particulars	As at March 31, 2022		As at March 31, 2021	
	Interest rate exposure	Impact on income	Interest rate exposure	Impact on income
Increase in 1% in rate of interest	1,150,074,104	11,500,741	813,049,976	8,130,500
Decrease in 1% in rate of interest	1,150,074,104	(11,500,741)	813,049,976	(8,130,500)

(iii) Market price risk

The Company is exposed to market price risk, which arises from FVTPL investment in the liquid mutual funds. The management monitors the proportion of mutual funds investments in its investment portfolio based on market indices. All investments within the portfolio are approved by the appropriate authority.

The following table shows sensitivity analysis for impact of change in interest rate

(Amount in ₹)

Particulars	As at March 31, 2022		As at March 31, 2021	
	Interest rate exposure	Impact on income	Interest rate exposure	Impact on income
Increase in 5% change in Net Assets Value (NAV)	528	26	55,580,919	2,779,046
Decrease in 5% in Net Assets Value (NAV)	528	(26)	55,580,919	(2,779,046)

Note 48 : Capital management

Risk management

The company's objectives when managing capital are to
